

VETERAN-OWNED.
MISSION-DRIVEN.
PEOPLE-FIRST.

The background of the advertisement is a composite image. It shows a satellite in the upper right corner with solar panels and a central body, emitting a fan of blue light beams that connect to a network of glowing blue dots across the Earth's surface. The Earth is shown from space, with the United States and parts of North and South America visible, their landmasses and city lights glowing in orange and yellow against the dark blue of the oceans and the black of space.
